

Dear St. Peter Family,

Greetings to you in the precious name of our Lord Jesus Christ.

First of all, we would like to thank you and appreciate all your prayers, help and support to the ministry of the Lord here in Tondo. You've been a part of this ministry by reaching-out to the poor and sharing the gospel to them. You are God's gift to us. God bless you more. Through your endeavours and generosity we were able to reach out not only the parents and the youth, but also the children.

Secondly. The Church is doing fine and growing. We are continuously ministering to 1,500 indigent families living at Permanent Housing (parents, young people and the children). Some of them (parents and young people) are regularly attending our Worship Service. Every Saturday, the kids are enjoying their Bible Lessons and other activities as well as the food provided for them.

Finally, Thank you for everything. Our words are not enough to expressed our wholehearted gratitude and thankfulness to your generosity and kindness in partnering us in this vineyard of our Lord.

Please keep us in your prayers including our worker's personal needs, the ministries and our government. We are struggling financially due to the implemented "Excise Tax". All of the prices for basic commodities and all Services have increased.

God bless you more abundantly.
Glory to God.

In Christ,
Pstr. Ric Mendoza
