

Dear St. PETERS FAMILY,

Greetings to you in the Precious name of our Lord Jesus Christ.

Our God is so good. He has been so faithful in helping us to minister to the people, especially to the young people and the children.

Every Saturday, we have our Children Outreach and Feeding Program for the Kids in the morning. In the afternoon, we have our Bible Study and Discipleship for the youth, then, our praise and worship song practice.

Lots of young people and Kids are coming to Church.

The Church continues its ministry in doing soul winning by Preaching the Gospel of Salvation to the lost.

We also minister to the parents by conducting our regular monthly Family Development Seminar for the Household Parents in the community.

This coming Christmas Season. We will be having our "Give a Gift Project (Bless A Child Project) for at least 150 kids. We are praying for Funds and allocating P200 Php per Child for Food and Gift. This project happens only once a year, just to bless them and make them feel happy and that somebody loves them especially during Christmas Season. Most of the beneficiaries are from indigent Families. I pray that you will continue partnering us in this endeavor for the glory of God.

About Me, I had my second cataract operation on my left-eye after the St. Peter Outreach Team left the country Philippines. That's why I was not able to communicate after. I thank God for the operation and continuous healing. The Doctor will laser my other right-eye as a follow-up treatment this October due to vein internal bleeding.

God is our Healer.

Thank you so much for your prayers, support and endeavor in partnering us in the Ministry of our Lord Jesus Christ to win more souls for his Glory.

To God be all the Praises and Glory!  
God bless you all...

In Christ,  
Ptr. Ric Mendoza
